

PLANETCAST extends its humanitarian support for N

May 2015 The recent Nepal Earthquake has taken a toll of thousands of lives, but has brought people together from different states of India in their prayers and efforts for rapid recovery.

As a small gesture to assist in rapid rescue and relief work, PLANETCAST promptly released its resources in the form of DSNG/OB vans through Euro Vision Channel who were working for the cause. Furthermore it encouraged all Indian News channel to avail service and contribute to the noble effort. The initiative was completely free of cost and was taken to be in line with its human value commitments.

PLANETCAST is a media broadcast service provider which provides DSNG/OB van services to news channels for covering news/events worldwide. In the past PLANETCAST has made similar humanitarian endeavors whenever catastrophe has struck in the region (Uttarakhand Floods, Tsumani in Car Nicobar, Gujarat Earthquake, etc.)

The endeavor received immense positive response from media industry & Government in the form of appreciation and additional support offer. Parallel to the compassionate effort, people at PLANETCAST extended their prayers for the rapid recovery of victims.
